## WELCOME

Page Personnel have compiled this Salary Guide for 2010 based on information collected by our extensive team of consultants. The salaries contained reflect those being paid or offered by employers we work with and are used to show an average salary range for positions across the Accounting, Finance and Office Support arenas.

## MARKET OVERVIEW

It has been a challenging year given the high levels of uncertainty and lack of confidence in the U.S. business community. We have seen a number of our Page Personnel clients restructure their Accounting, Finance and Office Support teams and hold off external recruitment as they redeploy people within their existing business.

Our clients are still recruiting outstanding talent across all Accounting, Finance and Office Support functions and this is driving continued employment activity.

For more information or advice on staffing or remuneration, please contact one of our consultants.
